Juba Personal Protective Equipment S.L.

EC Directive 89/686/EEC

EC Type-examination

Issue 1.

PPE Product

- a) Juba NEOTHERM 3935, black neoprene coated cotton interlock lined gauntlets with a smooth finish on the hands, which are available in two nominal hand sizes with a nominal overall length of 35 cm.
- b) Juba NEOTHERM 3945, black neoprene coated cotton interlock lined gauntlets with a smooth finish on the hands, which are available in two nominal hand sizes with a nominal overall length of 45 cm.

It is certified that the manufacturer's technical file and the above mentioned PPE have been assessed and found to be in accordance with the requirements of Council Directive 89/686/EEC. When examined the PPE satisfied the requirements in the relevant harmonized standards:
 EN 374-1:2003 (Protective gloves against chemicals and micro-organisms) with EN 374-2:2003 performance level 2, EN 374-3:2003 permeation (\geq level 2) with reagents A, J, K & L;
 EN 388:2003 (Protective gloves against mechanical risks) for a performance classification of 3,1,2,1;
 EN 407:2004 (Protective gloves against thermal risks) for class X,1,X,X,X,X.

The manufacturer's information notice (Modelo 3935 "NEOTHERM"), in English, has been inspected and found to have addressed all of the relevant requirements of the standards. However, the detailed content of the information notice is the responsibility of the manufacturer, as are translations into other languages.

This certificate is issued on the strict condition that appropriate checks on manufactured PPE, as detailed in Article 11 of the Directive are implemented and maintained while the model is in production.

Certification is based on technical file specification: TF5-SNWG-SPEC-G3900, issue 1 revision 3 with supplement.

SGS Reference Number GB/PP 220944
